DUAL VIDEO CAMERA

This borehole camera offers a twin view set up allowing the operator to switch between either a forward or side view camera. The side view camera has an infinite 360° rotation along with view orientation. The survey is recorded onto both DVD and computer hard drive - the DVD is available at the end of the survey for the client to take away.

In standard form the camera has a lighting unit capable of illuminating up to 2000mm - additional lighting attachments provide lighting for larger wells and shafts.

Specifications

Size: 1300 x 80mm
Weight: 15kg
Max. temperature: 80°C
Max. pressure: 200bar

Operational Conditions

Minimum diameter 110mm
Dry or **clear water** filled
Unlined, steel or plastic lined

Logging Conditions

2 - 5 m/min
